

# Diesel Cooker for the RV market

## Diesel Cooker X 100

The Webasto Diesel Cooker X 100 is the perfect solution for independent travellers and individuals who intend to have only one fuel on board.

The cooker is operated via a diesel burner which takes the fuel from the vehicle's diesel tank. Exhaust gases and excessive heat are routed directly to the outside of the vehicle.

The robust, high quality CERAN® cooking field provides two cooking zones: One for cooking and one for heating up food as well as maintaining warmth. Thanks to its compact dimensions and flat design, the Webasto Diesel Cooker fits even in the smallest kitchen. Another advantage of the CERAN® cooking plate: It can be cleaned easily.

### Key benefits at a glance:

- Cooking solution for a gas-free vehicle
- Robust, high quality CERAN® cooking surface
- Easy to use and to clean
- Low current and fuel consumption
- Hot plate indication light
- Full functionality at high altitudes
- Very silent operation
